## POSTGRADUATE PROGRAM IN NATURAL SCIENCES - PPGCN

### SELECTIN NOTICE PPGCN-2025-1

### ACADEMIC MASTER AND DOCTORATE

#### General information about the postgraduate program

**Program name:** Postgraduate Program in Natural Sciences - PPGCN

**Institution/Center/:** UENF/CCT/

**Level:** Master and doctorate (Accredited by CAPES).

**Note/Concept CAPES:** 5 (five).

**Área of concentration:** Natural Sciences.

**Program Eletrônico page:** <https://uenf.br/posgraduacao/ciencias-naturais/>

**1.1** Students with an undergraduate degree (master's degree candidates) or a Master's degree (doctorate candidates) in Natural Sciences or related areas may apply for the selection process. Related areas in this notice are considered to be those that integrate one of the following major areas of knowledge established by the table of areas of knowledge: [CAPES](#):

- Exact and Earth Sciences
- Biological Sciences
- Engineering
- Health Sciences
- Agricultural Sciences

**1.2** Candidates with undergraduate education (Master's degree candidates) or Master's degree (Doctorate candidates) in other areas of knowledge not listed in item 1.1 may have their applications approved after detailed analysis and deliberation by the Program Coordinating Committee and the Appeals Committee.

**1.3** It is recommended that candidates consult the program website and contact their intended advisors so that they can obtain additional information about the subjects offered by the program, the line of research, the proposed theme and possible projects within the theme.

## 2 Applications

**2.1 Períod:** From 10/21/2024 to 11/19/2024 (non-extendable)

### 2.2 Registration methods and submission documents:

**2.2.1** Registrations will be made only electronically through the link available at [SELECTION PROCESS ELETRONIC PAGE](#). The candidate must have a GMAIL email account.

## **5 Vacancies offered for master's and doctorate degrees**

**5.1** The filling of vacancies is based on the selection criteria defined in items 6, 7 and 8 of this Selection Notice.

**5.2** A total of 55 (fifty-five) vacancies are offered, 30 (thirty) vacancies for the Master's degree and 25 (twenty-five) vacancies for the Doctorate degree, according to the distribution in the research lines, advisor and research topics listed in **ANNEX 1**.

**5.3** Candidates may only apply for a single vacancy defined by the Research Line, advisor and research topic for which they will be competing exclusively. Candidates who register for Research Lines that are not included in this notice or who do not choose the Research Line, Advisor or Topic in the application form will not be considered for approval.

**5.4** There will be a waiting list within the same line of research, advisor and research topic chosen by the candidate at the time of registration in accordance with **ANNEX 1**. The Program Coordinating Committee must identify and approve the availability of new vacancies within a maximum period of 30 days after the publication of the final result of this notice. The approved and unqualified candidates will be part of the waiting list and may be called to fill these vacancies in accordance with the deadlines established by the selection process schedule (**ANNEX 2**).

## **6 Phases of the selection process**

**6.1** The phases of the selection process may take place entirely in person, entirely remotely or in a mixed mode (in person and remotely) as established in item 6.3. The phases that take place remotely will use digital information and communication technologies available at PPGCN and accessible to candidates through their own internet connection.

**6.1.1** The PPGCN Coordinating Committee may decide to carry out some phase of the selection process remotely if there are situations that make it impossible to carry out the phase of the selection process in person.

**6.2** To enable participation in remote phases of the selection process, candidates must have or provide access to the internet in accordance with the dates and times established in the schedule (**ANNEX 2**). The PPGCN Coordinating Committee will provide the necessary information so that candidates can have access to the environments and tools to be used in the various phases of the selection process.

**6.3** The selection process will comprise the following phases , forms and characters:

PHASE	FORM	CHARACTER	MINIMUM GRADE FOR APPROVAL
Curriculum and Academic Record Analysis	<b>Remoto</b> - Evaluation Committee	Eliminatory	Master: 4,0 Doctorate: 6,0
Knowledge Tests being: 1) General Knowledge Test (PCG) and; 2) Foreign Language Test/Scientific Article Interpretation (English) (PLIAC)	<b>In person at UENF</b> (candidates residing in Brazil) and <b>In person Abroad</b> (candidates residing abroad)	Eliminatory	PCG test: Master: 4,0 Doctorate: 4,0 PLIAC test: Master: 4,0 Doctorate: 4,0 Average in the phase: .....Master: 5,0 .....Doctorate: 6,0
Interview/Research Project - Master Interview - Doctorate/Research Project Interview	<b>In person at UENF</b> (candidates residing in Brazil) and <b>Remoto</b> (candidates residing abroad)	Eliminatory	Master: 6,0 Doctorate: 6,0

**6.3.1 Phase 1: Analysis of CV and academic transcript:** The analysis of the CV and academic transcript will be based on the documents and evidence submitted by the candidate at the time of registration (item 2.2.2.1) and in accordance with the scoring table available in **ANNEX 3 (master's degree)** and **ANNEX 4 (doctorate)** of this selection notice. This phase of the selection process will be eliminatory for master's and doctorate degrees candidates.

**6.3.2 Phase 2: Knowledge tests:** The knowledge test phase will be held with candidates for the master's and doctorate programs who have been classified in **Phase 6.3.1**. In this phase, two tests will be applied: General Knowledge Test and Foreign Language Test (English)/Interpretation of Scientific Article. The knowledge test phase will be eliminatory for master's and doctorate candidates. For foreign candidates residing abroad, the knowledge tests will be administered at a university abroad by a person appointed by the PPGCN Coordination. For foreign candidates residing abroad, the schedule time established in **Annex 2** may be adapted due to possible time zone compatibility needs.

**6.3.2.1 General Knowledge Test:** The questions in the general knowledge test will be based on general and/or interdisciplinary scientific articles and specific articles related to the line of research chosen by the candidate and available on the [SELECTION PROCESS ELETRONIC PAGE](#). for prior reading. The test will last 3 (three) hours and will be held according to the date and time established in the selection process schedule (**ANNEX 2**). When registering, foreign candidates residing abroad may choose to take the General Knowledge Test in Spanish or in English.

**6.3.2.2 Foreign Language Test (English)/Scientific Article Interpretation:** The questions in the Foreign Language Test (English)/Scientific Article Interpretation will be based on general and/or interdisciplinary scientific articles in English that will be made available at the time of the test. The articles will be written in English, the questions may be written in English or Portuguese (English/Spanish or English/English (native English speakers) for foreign candidates residing abroad) and the answers may be written in English or Portuguese (English/Spanish or English/English (native English speakers) for foreign candidates residing abroad). The test will last 3 (three) hours and will be held according to the date and time established in the selection process schedule (**ANNEX 2**). Candidates may bring and consult an **English/English dictionary** during the test. The result of this test may be used as an equivalent for the purpose of meeting the foreign language proficiency requirement if the candidate enrolls in the program and has achieved the minimum score established for equivalence.

**6.3.3 Phase Interview/Research Project:** The Interview/Research Project phase will be held with

Master's and Doctorate candidates who have been classified in **Phase 6.3.2**. In this phase, for Master's candidates only an Interview will be held. For Doctorate candidates, in addition to the interview the candidate will be questioned about the research project presented. The Interview/Research Project stage will be eliminatory for Master's and Doctorate candidates.

**6.3.3.1 Master's Interview:** The order, date, location and time of the candidates' interviews will be announced according to the selection process schedule (**ANNEX 2**). Candidates must attend on the date and time established in the notice. Failure to attend will result in the candidate being eliminated. The interview will last up to 20 minutes. If takes place remotely, the interview will be conducted via a videoconferencing application and the date, time and link will be informed in advance to candidates and made available on the selection notice electronic page. In this case, in order to conduct the interview, the candidate must access the videoconferencing link provided with a video camera and microphone activated. The interview phase will be eliminatory for candidates for the master's degree.

**6.3.3.2 Doctorate Interview/Reserach project (only for doctorate candidates):** The order, date, location and time of the Doctorate interview/Research Project for doctorate candidates will be announced in accordance with the selection process schedule (**ANNEX 2**). Candidates must attend on the date and time established in the notice. Failure to attend will result in the candidate being eliminated. The interview will last up to 35 minutes. The candidate will have a maximum of 15 minutes to present the project, followed by an interview and discussion for up to 20 minutes. If the interview takes place remotely, it will be conducted via a videoconferencing application and the date, time and link will be informed in advance to the candidates and made available on the selection notice electronic page. The interview/research project phase will be eliminatory for doctorate candidates.

## 7 Schedule

7.1 All phases and stages of this selection process will follow the schedule established in **ANNEX 2**, with adjustments being possible when necessary.

## 8 Evaluation and classification

### 8.1 MASTER

**8.1.1** Candidates will not be allowed to be late for more than 10 minutes to gain access to any phase of the selection process. Candidates will be considered absent and will receive a grade of 0.0 (zero) for the phase(s) in which the delay limit is exceeded.

**8.1.2** The phase of analysis of the documented Curriculum Vitae and Academic Transcript will be carried out in accordance with the table presented in **ANNEX 3**. Candidates with an average grade lower than 4.0 (four) at this phase will be eliminated.

**8.1.2.1** **Candidates must submit their LATTES CV or equivalent for foreign candidates who do not have a Lattes CV and arrange the documents in numerical order according to the scoring table in ANNEX 3.** If there is more than one document in the same category, the number must be followed by a letter, for example: 1a, 1b, 1c; 3a, 3b, 3c...

**8.1.2.2** **Only items filled in by the candidate, duly proven by means of a digital copy and which correspond to the respective entries in the Lattes Curriculum or equivalent for foreign candidates, will be scored in the analysis of the curriculum and academic record.**

**8.1.3** The Knowledge Test phase will have a maximum score of 10.0 (ten) and will be the arithmetic mean of the scores of the General Knowledge Test (PCG) and the Foreign Language Test (English)/Scientific Article Interpretation (PLIAC). Candidates with a score lower than 4.0 (four) in the PCG or PLIAC tests will be eliminated. Candidates with an average score lower than 5.0 (five) in the Knowledge Test Stage will be eliminated.

**8.1.4** In the Master's Interview phase, the candidate will be interviewed and asked any information that the evaluation committee deems relevant and will be asked about his/her academic and

scientific history, as well as about his/her prospects for admission to the course, line of research, advisor and chosen theme, being evaluated in relation to his/her answers mainly in relation to the coherence between training, knowledge of the program and line of research and theme for which he/she applied. This stage will have a maximum score of 10.0 (ten) and is constituted by the arithmetic average of the scores from 0.0 (zero) to 10.0 (ten) awarded by each member of the evaluation committee. Candidates with an average score lower than 6.0 (six) in this phase of the evaluation will be eliminated.

**8.1.5** The Final Grade for the Master's selection process will result from a weighted average of the grades obtained, applying the weights established in accordance with the table below:

Phase of evaluation	Weight	Character
Curriculum/Academic Transcript Analysis	4	Eliminatory (<4,0)
Knowledge tests	4	Eliminatory (<5,0)
Master's Interview	2	Eliminatory (<6,0)
<b>Final grade (weighted average)</b>		<b>Eliminatory (&lt; 6,0)</b>

**8.1.6** The final classification will be by vacancies according to the research line/advisor/research topic option chosen by the candidate at the time of registration. There will be a waiting list for approved and unclassified candidates within the same research line/advisor/topic option. Under no circumstances may a candidate be classified or reassigned to another vacancy other than the vacancy chosen at the time of registration.

**8.1.7** Candidates who obtain a Final Grade lower than 6.0 (six) will be eliminated from the selection process and cannot be placed on the waiting list.

**8.1.8** Candidates who obtain a Final Grade equal to or greater than 6.0 (six) will be listed in descending order of final grades within the research line/advisor/theme option.

**8.1.9** In case of equal scores, the following tie-breaking criteria will be adopted successively:

- Grade for the Knowledge Test phase
- Grade for the Curriculum/Academic transcript phase
- Grade for Master's Interview phase

If there is still a tie, the age criterion will be used, giving preference to the oldest candidate.

**8.1.10** Vacancies will be filled according to the order in which candidates are ranked, after applying the tiebreaker criteria, until all vacancies offered are filled, with a waiting list being created for approved and unranked candidates.

**8.1.11** If there are scholarships available for the program, the priority classification for granting scholarships will be based on the overall classification grades for each level (master's and doctorate), observing the criteria, rules and resolutions regarding the granting of scholarships from the PPGCN, UENF and the respective Funding Agencies.

## 8.2 DOCTORATE

**8.2.1** Candidates will not be allowed to be late for more than 10 minutes to gain access to any phase of the selection process. Candidates will be considered absent and will receive a grade of 0.0 (zero) for the phase(s) in which the delay limit is exceeded.

**8.2.2** The phase of analysis of the documented Curriculum Vitae and Academic Transcript will be carried out in accordance with the table presented in **ANNEX 4**. Candidates with an average grade lower than 6.0 (six) at this phase will be eliminated.

**8.2.2.1** **Candidates must submit their LATTES CV or equivalent for foreign candidates who do not have a Lattes CV and arrange the documents in numerical order according to the scoring table in ANNEX 3.** If there is more than one document in the same category, the number must be followed by a letter, for example: 1a, 1b, 1c; 3a, 3b, 3c...

**8.2.2.2 Only items filled in by the candidate, duly proven by means of a digital copy and which correspond to the respective entries in the Lattes Curriculum or equivalent for foreign candidates, will be scored in the analysis of the curriculum and academic record.**

**8.2.3** The Knowledge Test phase will have a maximum score of 10.0 (ten) and will be the arithmetic mean of the scores of the General Knowledge Test (PCG) and the Foreign Language Test (English)/Scientific Article Interpretation (PLIAC). Candidates with a score lower than 4.0 (four) in the PCG or PLIAC tests will be eliminated. Candidates with an average score lower than 6.0 (six) in the Knowledge Test Stage will be eliminated.

**8.2.4** In the Interview/Research project phase, the candidate will be interviewed and asked any information that the evaluation committee deems relevant and will be asked about his/her academic and scientific history, as well as about his/her prospects for admission to the course, line of research, advisor and chosen theme, being evaluated in relation to their responses and their ability to propose, understand and defend a research project related to the line of research and theme of the vacancy for which they applied. This phase will have a maximum score of 10.0 (ten) and is constituted by the arithmetic average of the scores from 0.0 (zero) to 10.0 (ten) assigned by each member of the evaluation committee. Candidates with an average score lower than 6.0 (six) in this stage of the evaluation will be eliminated.

**8.2.5** The Final Grade for the Doctorate selection process will result from a weighted average of the grades obtained, applying the weights established in accordance with the table below:

<b>Phase of evaluation</b>	<b>Weight</b>	<b>Character</b>
Curriculum/Academic Transcript Analysis	4	Eliminatory(<6,0)
Knowledge tests	3	Eliminatory (<6,0)
Interview/Research project	3	Eliminatory (<6,0)
<b>Final grade (weighted average)</b>		<b>Eliminatory (&lt; 7,0)</b>

**8.2.6** The final classification will be by vacancies according to the research line/advisor/research topic option chosen by the candidate at the time of registration. There will be a waiting list for approved and unclassified candidates within the same research line/advisor/topic option. Under no circumstances may a candidate be classified or reassigned to another vacancy other than the vacancy chosen at the time of registration.

**8.2.7** Candidates who obtain a Final Grade lower than 7.0 (seven) will be eliminated from the selection process and cannot be placed on the waiting list

**8.2.8** Candidates who obtain a Final Grade equal to or greater than 7.0 (seven) will be listed in descending order of final grades within the research line/advisor/theme option.

**8.2.9** In case of equal scores, the following tie-breaking criteria will be adopted successively:

- Grade for the Curriculum/Academic transcript phase
- Grade for Doctorate Interview/Research project phase
- Grade for the Knowledge Test phase

If there is still a tie, the age criterion will be used, giving preference to the oldest candidate.

**8.2.10** Vacancies will be filled according to the order in which candidates are ranked, after applying the tiebreaker criteria, until all vacancies offered are filled, with a waiting list being created for approved and unranked candidates.

**8.2.11** If there are scholarships available for the program, the priority classification for granting scholarships will be based on the overall classification grades for each level (master's and doctorate), observing the criteria, rules and resolutions regarding the granting of scholarships from the PPGCN, UENF and the respective Funding Agencies.
